Potato Warehouses

LA GRANGE, MAINE

Dear Friend:

Times and conditions have taken a decided change since the issuing of our last catalog. However, it is with pleasure that we are again able to place at your disposal our annual catalog of seeds, implements and supplies. We trust that this catalog will be of exceptional benefit to you during the coming year.

Due to the present world conflict and defense necessities many materials are extremely difficult to obtain. We will however do everything within our power to supply you with the finest quality seeds and materials available. We trust that you will bear with us making allowances for present conditions.

As in previous years, our trial grounds will again be in operation, producing new and improved varieties of vegetables. These trials are exceptionally valuable in as much as we are thereby able to tell the average results which you will obtain by using Kroemer's Tested Seeds. As usual these trials are open at all times for the inspection of the trade and all information obtained is at your disposal.

We wish to take this opportunity to thank our many friends for their generous patronage and assure you that same is gratefully appreciated. Trust that we may be of service to you during the coming year and sincerely solicit your patronage and confidence in our organization. Thanking you, we remain

Very truly yours

WILLIAM KROEMER & SONS INC.

Beans

GREEN POD VARIETIES

Bountiful

Ⓚ **Bountiful**—Most widely used bean for market gardeners, the pods are long, flat and absolutely stringless. Bountiful matures very early and is an abundant yielder.

1 lb. .30 1 pk. \$3.25 1 bu. \$12.00
10 bu. \$11.00 per bu.

Stringless Black Valentine—This is an improvement over the old Black Valentine, being both early and entirely stringless, pods are round and fleshy and have a fine quality. Will yield very heavily.

1 lb. .30 1 pk. \$3.25 1 bu. \$12.00

Tendergreen—Desirable variety for home and market garden use, forms round fleshy stringless dark green pods of exceedingly fine quality.

1 lb. .30 1 pk. \$3.25 1 bu. \$12.00

French's Horticultural—A popular green shell variety for home and market garden, plants are erect and compact, making short runners. Pods attractive in appearance, are splashed with deep carmine. Pods are fibrous and stringy.

1 lb. .30 1 pk. \$3.25 1 bu. \$12.00

World's Fair—Produces pods 6 to 8 in. in length, green, stringless with excellent edible qualities.

1 lb. .35 1 pk. \$3.50 1 bu. \$13.50
10 bu. \$13.00 per bu.

Long Island Longpod—Honorable mention 1941 All American trials, long, green pod, prolific, pods 8 to 9 inches.

1 lb. .35 1 pk. \$4.00 1 bu. \$15.00

Hybrid Bountiful Impr.—1940 introduction, Bountiful type, more prolific than Bountiful, pods somewhat heavier, darker and longer.

1 lb. .35 1 pk. \$3.50 1 bu. \$13.50

Ⓚ **Sure Crop Wax**—An early sort, suitable for home and market use. Produces a large and sturdy plant, which is very productive, pods stringless and flat, being 6 to 6½ inches long.

1 lb. .30 1 pk. \$3.25 1 bu. \$12.00

Ⓚ **Fordhook Bush Lima**—Plants strong, erect, bearing pods in clusters from 4 to 8. Pods measure 4 to 5 inches in length and contain 3 to 5 large green beans.

1 lb. .30 1 pk. \$3.75 1 bu. \$14.50
10 bu. \$14.00 per bu.

Henderson's Baby Potato Lima—Matures in about 76 days, vine 18 to 24 inches tall, beans uniformly three to a pod, larger than the old type Henderson. Fine quality, fine for home gardens.

Ⓚ are Recommended Varieties

All orders and prices subject to confirmation

Beets

Early Flat Egyptian—Used by market gardeners for forcing, tops small and erect; bulbs flat, medium dark red.

Pkt. .10 1 oz. .15 ¼ lb. .40 1 lb. \$1.50 10 lb. \$14.00

Early Wonder—This is a very popular variety for market gardeners, making a medium top and a flattened globe bulb with a very dark red color.

Pkt. .10 1 oz. .15 ¼ lb. .40 1 lb. \$1.50 10 lb. \$14.00

Ⓚ **Kroemer's Special**—This is a second early variety making a large top and a very uniform, smooth, well shaped dark bulb. This variety has been the choice of our market garden trade for years.

Pkt. .10 1 oz. .15 ¼ lb. .50 1 lb. \$1.75 10 lb. \$16.50

Improved Early Wonder

Ⓚ **Improved Early Wonder**—Similar to Early Wonder but running more uniform in the shape of bulb and having a darker color.

Pkt. .10 1 oz. .15 ¼ lb. .50 1 lb. \$1.75 10 lb. \$16.50

Crosby Egyptian Special—A standard early beet as early as Early Wonder with dark green leaves.

Pkt. .10 1 oz. .15 ¼ lb. .40 1 lb. \$1.50 10 lb. \$14.00

Detroit Dark Red—This is a good late beet making a globe shaped bulb with a good dark color and having a very large top.

Pkt. .10 1 oz. .15 ¼ lb. .50 1 lb. \$1.75 10 lb. \$16.50

Detroit Dark Red Special—This type of Detroit makes a somewhat smaller top than the regular Detroit but has a very uniform dark, globe shaped bulb.

Pkt. .10 1 oz. .20 ¼ oz. .60 1 lb. \$2.00 10 lb. \$19.00

Perfected Detroit—Becoming very popular as a Detroit strain because of a very large top and an extremely uniform globe shaped bulb showing entirely no zoning.

Pkt. .10 1 oz. .20 ¼ oz. .60 1 lb. \$2.00 10 lb. \$19.00

Long Smooth Blood—A well known late variety for winter use, roots 10 to 15 inches long, growing about half above ground. Flesh very deep red showing very little zoning.

Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.00 10 lb. \$19.00

Mangel

Mammoth Long Red—The most common mangel used for stock feeding. Flesh is white, veined with pink, grows well above the ground, excellent yielder.

Pkt. .10 1 oz. .15 ¼ oz. .60 1 lb. \$2.00 10 lb. \$19.00

Golden Tankard—Roots large, nearly cylindrical, skin deep orange, flesh yellow with white zones, grows partly above the ground.

1 oz. .15 ¼ lb. .60 1 lb. \$2.00 10 lb. \$19.00

Swiss Chard

Mammoth Dark Green with Heavy White Rib—Tall sturdy variety with large flat dark green attractive leaves having broad white stems.

Pkt. .10 1 oz. .15 ¼ lb. .50 1 lb. \$1.75 10 lb. \$16.50

Mammoth Dark Green

Broccoli

Extra Early Improved—This is a fancy early strain of Italian Broccoli. It makes large heads early and shoots numerous side shoots after the main head has been removed. Our stock limited.

Pkt. .20 Oz. \$1.00 ¼ lb. \$3.50 1 lb. \$12.00

Calabrese Sprouting—Very good strain of true heading broccoli; will produce smaller heads after large head is removed.

Pkt. .20 1 oz. \$1.00 ¼ lb. \$3.50 1 lb. \$12.00

Calabrese Ordinary Strain

1 oz. .60 ¼ lb. \$2.00 1 lb. \$7.50

Ⓚ are Recommended Varieties

All orders and prices subject to confirmation

Brussels Sprouts

Improved Long Island

Improved Long Island—Choicest seed available. Grown especially for our trade by several Long Island farmers who are well known for their high grade Brussels Sprouts. Has proven itself the outstanding strain amongst the Long Island farmers and in other localities where Brussels Sprouts are grown to any great extent.

Pkt. .25 1 oz. \$1.50 1 lb. \$24.00

Cabbage

YELLOWS RESISTANT CABBAGES

Ⓚ **Resistant Detroit**—Golden Acre variety. resistant to the Yellows Disease.

Pkt. .15 1 oz. .60 ¼ lb. \$2.25 1 lb. \$8.00

Resistant Detroit

Ⓚ **Resistant Copenhagen**—True Early Copenhagen type but very resistant to the cabbage yellows. Matures a little later than the Resistant Detroit. Forms round head, weight from 3½ to 5 pounds. Good foliage.

Pkt. .15 1 oz. .60 ¼ lb. \$2.25 1 lb. \$8.00

Ⓚ are Recommended Varieties

All orders and prices subject to confirmation

Marion Market

Marion Market—Very similar in growth to Early Copenhagen Market but is resistant to the Yellows Disease.

Pkt. .15 1 oz. .60 ¼ lb. \$2.25 1 lb. \$8.00

Ⓚ **Globe**—A good yellows resistant type of the Glory of Enkhuizen. Heads medium early, weight often from eight to ten pounds, good foliage.

Pkt. .15 1 oz. .60 ¼ lb. \$2.25 1 lb. \$8.00

Ⓚ **Wisconsin All Season**—Late drumhead type, forms large heads similar to the old type All Season, but being very resistant to the yellows. Foliage coarse.

Pkt. .15 1 oz. .60 ¼ lb. \$2.25 1 lb. \$8.00

Wisconsin All Season

Bugner—Very popular late white variety, has very large semi-round heads which become extremely hard as soon as they begin to form. It is an excellent fall cabbage. This variety is extremely Yellows resistant.

Pkt. .15 1 oz. .50 ¼ oz. \$1.75 1 lb. \$6.00

Resistant Red Hollander—Late red variety forming large round heads weighing 6 to 9 pounds. Resistant to yellows.

Pkt. .20 1 oz. \$1.00 ¼ lb. \$3.00 1 lb. \$10.00

WHITE VARIETIES

Golden Acre—An extra early cabbage making small frame and producing a uniform round tight head which will average about 3 to 5 pounds. A fine variety for home and market garden use.

Pkt. .15 1 oz. .60 ¼ lb. \$2.25 1 lb. \$8.00

CABBAGE (Continued)

Peerless—A favorite extra early cabbage taking about three days longer to mature than Golden Acre but making a head a trifle larger.

Pkt. .15 1 oz. .50 $\frac{1}{4}$ lb. \$2.00 1 lb. \$7.00

Early Jersey Wakefield—Extra early, making small frame, small cone shaped head weighing from 3 to 4 pounds.

Pkt. .15 1 oz. .50 $\frac{1}{4}$ lb. \$1.75 1 lb. \$6.00

Ⓚ **Early Copenhagen Market**—Very popular early cabbage with the market garden trade, makes small frame, good compact round heads weighing between 3 and 5 pounds.

Pkt. .15 1 oz. .50 $\frac{1}{4}$ lb. \$2.00 1 lb. \$7.00

Ⓚ **Late Copenhagen Market**—Very good second early white, making a large tight round head, often weighing from 8 to 10 pounds. This Copenhagen matures about 10 days later than Early Copenhagen and can be used for summer and fall planting.

Pkt. .15 1 oz. .50 $\frac{1}{4}$ lb. \$2.00 1 lb. \$7.00

Early Flat Dutch—A large early short stem flat headed variety.

Pkt. .10 1 oz. .40 $\frac{1}{4}$ lb. \$1.50 1 lb. \$5.00

Glory of Enkhuizen—A medium early short stemmed variety making a large frame and compact hard head which often weighs from 8 to 10 pounds.

Pkt. .10 1 oz. .40 $\frac{1}{4}$ lb. \$1.50 1 lb. \$5.00

Succession—A very popular summer cabbage which makes a flattened head and thrives under almost any weather condition.

Pkt. .10 1 oz. .35 $\frac{1}{4}$ lb. \$1.25 1 lb. \$3.50

Penn State Ballhead—An improved strain of Ballhead, medium size plants, short stemmed. Matures in 100 to 110 days. Fine cabbage for Kraut or storage. Heads, flattened globe shape.

Pkt. .15 1 oz. .60 $\frac{1}{4}$ lb. \$2.25 1 lb. \$8.00

Danish Round Head Short Stem—It is a late white variety making an entirely round head and growing with an extremely short stem. Good variety for fall or winter cabbage.

Pkt. .10 1 oz. .40 $\frac{1}{4}$ lb. \$1.50 1 lb. \$5.00

Long Island Flat Dutch—A popular old favorite, makes a large flat head and is a very good keeper for winter use.

Pkt. .25 1 oz. \$1.00 $\frac{1}{4}$ lb. \$3.50 1 lb. \$12.00

Red Cabbage

Ⓚ **New Early Red**—An extra early red; fast becoming popular as a market garden strain because of its large somewhat flattened, dark, compact head.

Pkt. .20 1 oz. .60 $\frac{1}{4}$ lb. \$2.25 1 lb. \$8.00

Haco Early Red—An excellent early red making a large solid, very dark, compact head

Pkt. .20 1 oz. .60 $\frac{1}{4}$ lb. \$2.25 1 lb. \$8.00

Long Island Late Red—Popular late variety making a large round somewhat flattened head. Excellent keeper.

Pkt. .25 1 oz. \$1.00 $\frac{1}{4}$ lb. \$3.50 1 lb. \$12.00

Savoy Cabbage

Long Island Savoy—A good type of savoy for late fall planting.

Pkt. .10 1 oz. .50 $\frac{1}{4}$ lb. \$1.75 1 lb. \$6.00

Stattel's Early Savoy—A very good type of savoy, producing good heads with dark well crumpled leaves and maturing a trifle earlier than Kroemer's Special savoy, also a home-grown stock.

Pkt. .25 1 oz. \$1.00 $\frac{1}{4}$ lb. \$3.00 1 lb. \$10.00

Ⓚ **Kroemer's Special Savoy**—A very choice sure heading type of savoy with very heavily crumpled leaves of good dark green color. It forms very uniform heads of the Drumhead type. Seed of this variety produced from heads of our own selection and grown under our own direct supervision.

Pkt. .25 1 oz. \$1.00 $\frac{1}{4}$ lb. \$3.50 1 lb. \$12.00

Carrots

Pride of All

Nantes—Popular market garden variety both for early bunching and late fall busheling. The tops are quite small, roots cylindrical with bright orange color and practically coreless.

Pkt. .10 1 oz. .40 $\frac{1}{4}$ lb. \$1.50 1 lb. \$5.00 10 lb. \$45.00

Chantenay—A good early variety making short stump rooted dark orange roots from 4 to 6 inches in length.

Pkt. .10 1 oz. .30 $\frac{1}{4}$ lb. \$1.00 1 lb. \$3.00 10 lb. \$27.50

Ⓚ are Recommended Varieties

All orders and prices subject to confirmation

CARROTS (Continued)

Ⓚ **Long Chantenay**—This is becoming a popular Chantenay type having a bright orange root which will run from 6 to 8 inches.
Pkt. .10 1 oz. .30 ¼ lb. \$1.00 1 lb. \$3.00 10 lb. \$27.50

Coreless Chantenay—This makes a stump rooted bright orange carrot about 4½ to 6 inches long being practically coreless.
Pkt. 10 1 oz. .30 ¼ lb. \$1.00 1 lb. \$3.50 10 lb. \$32.50

Ⓚ **Pride of All**—Very popular variety amongst the market gardeners making a large heavy top and a root from 6 to 8 inches long, tapering very uniformly and being fine grained.
Pkt. 10 1 oz. .30 ¼ lb. \$1.00 1 lb. \$3.50 10 lb. \$32.50

Rubicon—This is a carrot of Chantenay type but maturing a trifle earlier and being more stump rooted. The roots range from 3 to 5 inches.
Pkt. 10 1 oz. .30 ¼ lb. \$1.00 1 lb. \$3.50 10 lb. \$32.50

Luc—This is a popular market garden variety because of its large top and fine grained, smooth tapering root ranging from 5 to 6 inches.
Pkt. 10 1 oz. .30 ¼ lb. \$1.00 1 lb. \$3.50 10 lb. \$32.50

Danvers Half Long—Excellent second early making a tapered root being blunt ended and from 6 to 8 inches in length.
Pkt. 10 1 oz. .30 ¼ lb. \$1.00 1 lb. \$3.50 10 lb. \$32.50

Imperator—An outstanding type for market garden use, tops medium, roots having sloping shoulders and taper uniformly to a semi-blunt end, being from 7 to 8 inches long.
Pkt. 10 1 oz. .30 ¼ lb. \$1.00 1 lb. \$3.50 10 lb. \$32.50

Tendersweet—A recent introduction for market garden use. Tops medium but strong enough for bunching, roots long, quite cylindrical and stump rooted, being from 7 to 9 inches long.
Pkt. 10 1 oz. .30 ¼ lb. \$1.00 1 lb. \$3.50 10 lb. \$32.50

Morse's Bunching—Recent introduction, making roots almost cylindrical in shape, about 8 inches in length, stems of medium size and strength. Tops medium. Roots round shouldered and well stumped.
Pkt. .15 1 oz. .50 ¼ lb. \$1.50 1 lb. \$5.00

Intermediate—An excellent summer and fall carrot taking a long season to mature and producing roots from 10 to 12 inches long which have broad shoulders that taper down to a point.
Pkt. .10 1 oz. .35 ¼ lb. \$1.00 1 lb. \$3.50 10 lb. \$32.50

Improved Long Orange—A very productive long season carrot making a bright orange root from 9 to 10 inches long. It has a broad shoulder and tapers down to a point.
Pkt. .10 1 oz. .35 ¼ lb. \$1.00 1 lb. \$3.50 10 lb. \$32.50

Hutchinson—Very good fall carrot making long slightly tapering stump rooted carrots ranging from 10 to 12 inches. This variety fairly resistant to blight.
Pkt. 10 1 oz. .30 ¼ lb. \$1.00 1 lb. \$3.50 10 lb. \$32.50

Bagley Danvers—This is quite similar to Hutchinson but making a carrot with a broader shoulder and ranging from 9 to 10 inches long.
Pkt. 10 1 oz. .30 ¼ lb. \$1.00 1 lb. \$3.50 10 lb. \$32.50

Kroemer's Special No. 2

Cauliflower

Ⓚ **Kroemer's Special No. 2**—This is a very popular variety with market gardeners making a large compact head well protected with outer leaves and maturing very early. It does equally well for forcing or outdoor use.
Pkt. .25 1 oz. \$6.00 ¼ lb. \$20.00

Extra Early Erfurt—Very popular variety for market garden use, dwarf stemmed heads compact and enough foliage to give good protection.
Pkt. .25 1 oz. \$4.00 ¼ lb. \$15.00 1 lb. \$55.00

Erfurt Special Giltedge—This is a much improved strain over the Extra Early Erfurt being more uniform and the heads maturing about the same time.
Pkt. .25 1 oz. \$6.00 ¼ lb. \$22.00 1 lb. \$85.00

Extra Early Snowball—This variety is dwarf and compact in growth making a small white head which matures very early.
Pkt. .25 1 oz. \$4.00 ¼ lb. \$15.00 1 lb. \$55.00

Improved Holland Erfurt—One of the most popular sort for outdoor use. Head, good size and compact. Our strain is used for fall planting by many East End farmers on Long Island.
Pkt. .25 1 oz. \$3.00 1 lb. \$40.00

Chinese Cabbage

Chihili—the most popular of the Chinese cabbages, heads cylindrical and about 18 inches long. Does very well when sown at midsummer.
Pkt. .10 1 oz. .40 ¼ lb. \$1.25 1 lb. \$4.00

Celery

Ⓚ **Celariac or Knob**—Proven stock, plants large dark green, making large round somewhat globular smooth root from 3 to 5 inches in diameter.
Pkt. .15 1 oz. .50 ¼ lb. \$1.75 1 lb. \$6.00

Ⓚ **Best Green**—For quality this variety is unsurpassed. Plants are very stout and stocky and become quite brittle upon maturity.
Pkt. .25 1 oz. \$1.25 ¼ lb. \$4.00 1 lb. \$15.00

Ⓚ are Recommended Varieties

All orders and prices subject to confirmation

Improved Golden Self Blanching

CELERY (Continued)

Improved Golden Self Blanching—Excellent strain of self blanching celery, it is early and has a beautiful golden color, is crisp and free from strings. This variety is a favorite in many of the celery growing districts.

Pkt. .25 1 oz. \$2.00 ¼ lb. \$6.00
1 lb. \$20.00

Golden Plume—A desirable sort for market garden and home use making semi-dwarf plants with thick stalk, and a very full heart.

Pkt. .25 1 oz. \$1.25 ¼ lb. \$4.00
1 lb. \$15.00

Chicory

Witloof—Forms an oblong head and blanches white, is a choice winter salad.

Pkt. .10 1 oz. .40 ¼ lb. \$1.25
1 lb. \$4.00

Collards

True Georgia—This is a tall vigorous variety growing from 2 to 3 feet tall having a loose head of large leaves which are used for greens.

Pkt. .10 1 oz. .15 ¼ lb. .35
1 lb. \$1.00 10 lb. \$9.00

COLLARDS (Continued)

Cabbage, a recent introduction. It is the result of a cross between Georgia Collards and Wakefield Cabbage. The plant is medium in size and hardy. Leaves form loose heads with flavor of cabbage.

Pkt. .10 1 oz. .15 ¼ lb. .40 1 lb. \$1.50

Sweet Corn**YELLOW HYBRID VARIETIES**

Spancross P39—A very early hybrid with Spanish Gold as one of its parents being fully two weeks earlier than Golden Cross and making an ear having 10 to 12 rows and being 6 to 7 inches long. This variety is very popular for market garden use.

Pkt. .15 1 lb. .40 10 lb. \$3.50 50 lb. \$15.00

Marcross C6-13—The most popular early hybrid. Produces cylindrical, chunky ears approximately 7 inches in length with 12-14 rows, medium yellow kernels. Matures in 72 days.

Pkt. .15 1 lb. .50 10 lb. \$4.50 50 lb. \$20.00

Marcross—This is a second early hybrid, having matured all of its ears in 74 days, however maturity spread extended over a period of 12 days. Is approximately 6 days earlier than Golden Cross.

Pkt. .15 1 lb. .50 10 lb. \$4.50 50 lb. \$20.00

Parents and Offspring. A is Purdue 51, C is Purdue 39 and B is Golden Cross, the Hybrid Strain Produced by Crossing Them.

SWEET CORN (Continued)

Whipcross P39—This is an intermediate top cross which has been developed for a late variety for market garden use. Makes an ear having from 12 to 14 rows which is 7½ to 9 inches long. It is quite resistant to Stewart's Disease.

Pkt. .15 1 lb. .40 10 lb. \$3.50 50 lb. \$15.00

Ⓚ **Golden Cross Bantam**—This is fast becoming the most popular all season yellow variety. Being a hybrid it is a very heavy yielder and extremely uniform in maturity and length of ears, making an ear having from 12 to 16 rows and being from 7½ to 9 inches long. This variety is highly resistant to Stewart's Disease.

Pkt. .15 1 lb. .40 10 lb. \$3.50 50 lb. \$15.00

Lincoln—This is a midseason hybrid maturing 2 or 3 days before Golden Cross Bantam. The ear is rather large, cylindrical, twelve to sixteen rows of narrow kernels. Plants 7 to 8 feet tall, quality very good.

Pkt. .15 1 lb. .45 10 lb. \$4.00 50 lb. \$17.50

For Best Results Treat With

Protect Your Seed Corn

During the period when it is most easily damaged, by ridding your crop of crows and other corn-pulling birds and animals. It saves loss of seed and labor of replanting. It positively will not clog any planter. It is non-poisonous and will not injure the seed or any kind of corn. It is more effective, more convenient to use, and more economical than any other material.

(1 Quart) Enough for 4 bushels seed.	\$1.75
(1 Pint) Enough for 2 bushels seed.	1.00
(½ Pint) Enough for 1 bushel seed.	.60

Stanley's CROW REPELLENT

Ⓚ **Whipple's Early Yellow**—This is a second early variety making a large deep kernelled ear which has very sweet flavor.

Pkt. .10 1 lb. .25 10 lb. \$2.25 50 lb. \$9.00

Bantam Evergreen—This is a late variety making a large ear running from 9 to 10 inches in length and having from 12 to 14 rows of rich well flavored deep kernels.

Pkt. .10 1 lb. .25 10 lb. \$2.25 50 lb. \$9.00

Cucumber

Kroemer's Orient

Ⓚ **Kroemer's Orient**—Popular cucumber for all around use. It has a long straight attractive shape with a good green color, attractively striped with white spines.

Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.25 10 lb. \$20.00

Davis Perfection—White spined variety making long fruit ranging from 10 to 12 inches with good deep color.

Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.25 10 lb. \$20.00

Ⓚ are Recommended Varieties

All orders and prices subject to confirmation

CUCUMBER (Continued)

Ⓚ **A & C**—Early, cylindrical, dark green, with well rounded ends making fairly long fruit.
Pkt. .10 1 oz. .20 ¼ lb. .75 1 lb. \$2.50 10 lb. \$22.50

Early Fortune—Early variety with good dark color, very prolific.
Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.25 10 lb. \$20.00

Woodruff's Hybrid—Good variety for market garden use, has good deep color which it will retain for some time after picking.
Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.25 10 lb. \$20.00

White Spine—Standard popular variety for home and market garden use making fruit about 7 inches long.

Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.25 10 lb. \$20.00

Long Green—Second early long dark green fruit from 12 to 14 inches quality firm and crisp. This variety used quite extensively for mustard pickling.

Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.25 10 lb. \$20.00

Ⓚ **Longfellow**—Unusually long and attractive growing from 12 to 15 inches long and being quite slender has very dark green color and retains its crispness very well.

Pkt. .10 1 oz. .20 ¼ lb. .75 1 lb. \$2.50 10 lb. \$22.50

Boston Pickling—An excellent pickling variety, fruits average 6 to 6½ inches long and about 2 inches in diameter.

Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.25 10 lb. \$20.00

Dandelion

French Garden—A fine large leaved French grown variety.

SOLD OUT

Ⓚ **Improved Thick Leaved**—A very desirable variety making upright growth and forming a large rosette of broad thick leaves which blanch easily.

Pkt. .15 1 oz. .50 ¼ lb. \$1.75 1 lb. \$6.00 10 lb. \$55.00

Eggplant

Black Beauty

EGGPLANT (Continued)

Ⓚ **Black Beauty**—Early yielder making a large black glossy fruit, very productive.
Pkt. .10 1 oz. .50 ¼ lb. \$1.50 1 lb. \$5.00

Florida HiBush—Plants erect in growth making large globe shaped fruit. Plants highly resistant to drought and blight.

Pkt. .10 1 oz. .50 ¼ lb. \$1.50 1 lb. \$5.00

Long Purple—Early variety making oblong black fruit about 7 to 8 inches in length and 3 inches diameter.

Pkt. .10 1 oz. .50 ¼ lb. \$1.50 1 lb. \$5.00

Endive

Endive, Broad Leaved Full Heart

Ⓚ **Broad Leaved Full Heart**—Immense large frame sometimes measuring 18 inches in diameter having a large deep full heart.

Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.00

Broad Leaved—Large flat rosette with broad thick ribs and slightly wrinkled leaves.

Pkt. .10 1 oz. .20 ¼ lb. .45 1 lb. \$1.70

Large Green Curled—A very fine large curled rosette type endive used extensively for salad.

Pkt. .10 1 oz. .20 ¼ lb. .50 1 lb. \$1.85

Large Green Curled Red Ribbed—Same type as Large Green Curled but having a distinct red rib.

Pkt. .10 1 oz. .20 ¼ lb. .50 1 lb. \$1.85

Kale

Green Scotch—Plants have wide spreading finely curled leaves which spread out from a dwarf stem.

Pkt. .10 1 oz. .25 ¼ lb. .75 1 lb. \$2.50

Blue Scotch—Similar to Green Scotch, leaves curly with a bluish green color.

Pkt. .10 1 oz. .25 ¼ lb. .75 1 lb. \$2.50

Ⓚ are Recommended Varieties

All orders and prices subject to confirmation

KALE (Continued)

Ⓚ **Long Island Green**—Plants grow extremely flat having a very wide spread of finely curled leaves and a very full heart.

Pkt. .10 1 oz. .40 ¼ lb. \$1.50 1 lb. \$5.00

Early Sprouts—This is a form of kale that is hardy and will stand the winter well.

Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.00

Late Sprouts—This is very similar to Early Sprouts but take about ten days longer to mature but is slower to bolt to seed.

Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.00

Kohl-Rabi

Ⓚ **Extra Early White Vienna Short Leaved**—Extremely popular with our market garden trade because of its earliness, uniformity and small top. This variety may be used equally well for either forcing or outdoor use.

Pkt. .10 1 oz. .50 ¼ lb. \$1.50 1 lb. \$5.00

Extra Early White Vienna, Short Leaved

Ⓚ **Prague Forcing**—Earliest White Vienna type, making an extremely short leaf growth and very uniform in maturity.

Pkt. .10 1 oz. .20 ¼ lb. \$1.50 1 lb. \$5.00

Leek

American Flag—An early productive thick stemmed variety having large leaves of a medium green color.

SOLD OUT

Ⓚ **Large Winter**—This variety is very hardy, has leaves of very dark color and stems from 2 to 3 inches thick. This variety very desirable for fall or winter use.

Pkt. .10 1 oz. .50 ¼ lb. \$1.75 1 lb. \$6.00

American Flag

LEEK (Continued)

Large Musselburg—A medium early hardy variety with a long thick stem.

Pkt. .10 1 oz. .50 ¼ lb. \$1.75 1 lb. \$6.00

Italian Giant—Much used variety, growing unusually large. Stalk is thick and tall bleaching often as much as twelve inches. Leaves are large and broad. Very fine quality, attractive appearance. Also will stand a long time in good condition.

Pkt. .10 1 oz. .50 ¼ lb. \$1.75 1 lb. \$6.00

Lettuce

Ⓚ **New York or Wonderful Special**—This is an early strain of the New York type, bred for early maturity and uniformity. Our stock is used extensively by many Long Island and New Jersey lettuce growers.

Pkt. .10 1 oz. .20 ¼ lb. .75 1 lb. \$2.50

Ⓚ **New York No. 515**—This strain of the New York type lettuce matures about a week later than the New York or Wonderful Special and will withstand more heat.

Pkt. .10 1 oz. .20 ¼ lb. .75 1 lb. \$2.50

IMPERIAL 44—New York type, plants medium to large, developing close to the ground. Leaves medium green, thick and rather soft. Head slightly flattened in shape. Interior creamy white color and excellent quality.

Pkt. .15 1 oz. .35 ¼ lb. \$1.25 1 lb. \$4.00

Imperial 456—Latest introduction of Iceberg lettuce. Forms very compact heads, ideal for mid-summer and fall crops.

Pkt. .15 1 oz. .75 ¼ lb. \$2.75 1 lb. \$10.00

Ⓚ are Recommended Varieties

All orders and prices subject to confirmation

LETTUCE (Continued)

Ⓚ **IMPERIAL 847**—New York type, dark green foliage, large head, medium season, fairly resistant to heat. Good shipper.

Pkt. .15 1 oz. .35 ¼ lb. \$1.25 1 lb. \$4.00

Ⓚ **Big Boston Black Seed**—Excellent type Boston lettuce for Fall or Winter sowing in cold frames. Very good for transplanting in Spring. Grows large frame with fine tight head. Matures very uniformly.

Pkt. 10 1 oz. .35 ¼ lb. \$1.00 1 lb. \$3.50

White Big Boston—Very similar to Big Boston except that it makes a smaller frame and will not change color from neither frost nor heat.

Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.00

Big Boston Kroemer's Strain—Produces fine large heads, of a bright green color. Excellent strain for either forcing or sowing in the open field.

Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.00

Ⓚ **Kroemer's New**—This is an improved strain of White Big Boston and heads almost 100% in uniformity and evenness in maturing.

Pkt. .10 1 oz. .40 ¼ lb. \$1.25 1 lb. \$5.00

Salamander—Very good all season lettuce, forming a large nearly round head with leaves of medium green color.

Pkt. .10 1 oz. .20 ¼ lb. .50 1 lb. \$1.50

Ⓚ **Romaine Special Cos**—makes a large compact loaf shaped head of light green color.

Pkt. .10 1 oz. .20 ¼ lb. .50 1 lb. \$1.75

Romaine or Dark Green Cos—Similar to Trianon Cos, except that the color is a much darker green.

Pkt. .10 1 oz. .20 ¼ lb. .50 1 lb. \$1.75

Balloon Cos—Makes a larger head than Trianon but takes longer to mature and is not quite as compact.

Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.00

Mustard

Fordhook Fancy—This variety has tall dark green feathery leaves with a mild flavor.

Pkt. .10 1 oz. .15 ¼ lb. .30 1 lb. \$1.00 10 lb. \$9.00

Giant Southern Curled—Leaves long and wide, light green color, tinged with yellow, quite feathery.

Pkt. .10 1 oz. .15 ¼ lb. .30 1 lb. \$1.00 10 lb. \$9.00

Yellow Globe Danvers

Onion

Ⓚ **White Portugal**—Second early variety used for bunching, has good top and a flattened white bulb, may also be used for pickling or for sets.

Pkt. .15 1 oz. .50 ¼ lb. \$1.75 1 lb. \$6.00

White Globe—This is used for both bunching and winter keeping. Makes good sized top for bunching and a large globe shaped bulb, if used for winter storage.

Pkt. .15 1 oz. .50 ¼ lb. \$1.75 1 lb. \$6.00

Yellow Globe Danvers—Popular yellow onion for winter storage. Makes large globe shaped bulb with firm white flesh.

Pkt. .15 1 oz. .50 ¼ lb. \$1.75 1 lb. \$6.00

Hi Shi Ko—White bunching onion, straight stem, no bulb, very popular amongst the market gardeners for bunching.

Pkt. .15 1 oz. .50 ¼ lb. \$1.75 1 lb. \$6.00

Onion Sets

White—Prices on request.

Japanese—Prices on request.

Parsley

Ⓚ **Selected Double Curled**—An attractive dwarf variety with an extremely dark green finely curled long stemmed leaf.

Pkt. .10 1 oz. .15 ¼ lb. .35 1 lb. \$1.25 10 lb. \$11.50

Hamburg Rooted Parsnip Shaped—Forms thick fleshly tapering roots from 8 to 10 inches long which are used extensively for flavoring.

Pkt. .10 1 oz. .15 ¼ lb. .35 1 lb. \$1.25 10 lb. \$11.50

Italian or Plain Leaf—Leaves flat, not curled, deeply cut with very dark green color, being quite hardy.

Pkt. .10 1 oz. .15 ¼ lb. .35 1 lb. \$1.25 10 lb. \$11.50

Parsnip

Hollow Crown

Hollow Crown—This variety makes a root between 8 and 10 inches long having a broad shoulder and tapering down to a point. Vigorous grower and heavy yielder.

Pkt. .10 1 oz. .15 ¼ lb. .40 1 lb. \$1.50 10 lb. \$13.50

White Model—Generally considered to mature a trifle earlier than Hollow Crown and roots to be shorter and more smooth.

Pkt. .10 1 oz. .15 ¼ lb. .40 1 lb. \$1.50 10 lb. \$13.50

All American—This recent introduction is a distinctly superior parsnip because of the uniformity of the root and the absence of side roots.

Pkt. .10 1 oz. .15 ¼ lb. .40 1 lb. \$1.50 10 lb. \$13.50

Peas

Gradus Special Pea

Laxtonian—Early dwarf large podded pea, used by truckers and market gardeners.

1 lb. .25 1 pk. \$3.00 1 bu. \$11.00

Laxton's Progress—This is an early dwarf vine pea with a large dark green somewhat curved pod which often contain 7 to 9 peas.

1 lb. .25 1 pk. \$3.00 1 bu. \$11.00

Ⓚ **Gradus Special**—Very popular early variety making a medium sized vine with large broad pointed pods containing 8 to 10 large peas.

1 lb. .25 1 pk. \$3.00 1 bu. \$11.00

World's Record—Very much similar to Gradus except that it matures a few days later.

1 lb. .25 1 pk. \$3.00 1 bu. \$11.00

Thos. Laxton—A popular medium early variety, making a broad plump pod which contains 8 to 10 peas, vine of medium height.

1 lb. .25 1 pk. \$3.00 1 bu. \$11.00

Tall Telephone—A late large podded variety, growing a vine from 4½ to 5 feet tall.

1 lb. .25 1 pk. \$3.00 1 bu. \$11.00

Alderman—Late variety having tall vines that bear large dark green pods containing 8 to 10 peas.

1 lb. .25 1 pk. \$3.00 1 bu. \$11.00

Peppers

California Wonder

Windsor "A"—Award of Merit All American Trials—A new introduction in the pepper line. Fruit medium sized and good yielding. Recommended for northern sections as a drought resistant, thick fleshed early sweet pepper.

Pkt. .10 1 oz. .60 ¼ lb. \$2.00 1 lb. \$6.00

Ⓚ **California Wonder**—This is an outstanding medium late variety for market garden use. Plants vigorous and prolific, fruits will average 4 inches in diameter at the top and taper slightly.

Pkt. .10 1 oz. .60 ¼ lb. \$2.00 1 lb. \$6.00

Harris Early Giant—Very early and prolific, forms very large fruit which are mild and sweet.

Pkt. .10 1 oz. .50 ¼ lb. \$1.75 1 lb. \$6.00

Bull Nose—Plants vigorous, compact, very productive ripening its fruit early, fruits large and blocky.

Pkt. .10 1 oz. .50 ¼ lb. \$1.75 1 lb. \$6.00

Cheese—Fruits are tomato shaped, borne upright, smooth with good deep green color turning to deep red, flesh thick and sweet.

Pkt. .10 1 oz. .60 ¼ lb. \$2.25 1 lb. \$8.00

Sweet Mountain—Large upright productive plant, producing handsome fruit which are quite sweet and may be used well for salads and pickling.

Pkt. .10 1 oz. .50 ¼ lb. \$1.75 1 lb. \$6.00

Worldbeater—Very early and prolific, makes extremely large fruit with quite thick flesh.

Pkt. .10 1 oz. .50 ¼ lb. \$1.75 1 lb. \$6.00

Ⓚ are Recommended Varieties

All orders and prices subject to confirmation

PEPPERS (Continued)

Ruby King—Large sweet early pepper making vigorous upright plants producing large thick fleshed fruits.

Pkt. .10 1 oz. .50 ¼ lb. \$1.75 1 lb. \$6.00

Long Red Cayenne—Favorite hot variety, used largely for canning and pickling.

Pkt. .10 1 oz. .40 ¼ lb. \$1.50 1 lb. \$5.00

Oakview Wonder—Smaller than California Wonder but blockier, smoother, and bush more compact. Has thick walls and high quality combined with exceptional uniformity, earliness and high yield.

Pkt. .20 1 oz. .60 ¼ lb. \$2.25 1 lb. \$8.00

For Best Results

**Pumpkin**

Large Cheese—Fruits very flat, thickly ribbed and cream colored. Flesh extremely thick and of fine quality.

Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.00

Connecticut Field or Leather Back

Connecticut Field or Leather Back—Fruits large; somewhat flattened, smooth hard surface with deep orange color, somewhat ribbed having thick flesh.

Pkt. .10 1 oz. .15 ¼ lb. .30 1 lb. \$1.00

Radish

® **Early Scarlet Globe Select**—Root globular, slightly elongated, bright scarlet, tender and of fine quality. Medium heavy top.

Pkt. 10 1 oz. .15 ¼ lb. .25 1 lb. .90 10 lb. \$8.00
100 lb. \$75.00

Scarlet Globe Short Top—Similar to Scarlet Globe Select but having a somewhat smaller top; to be used for summer sowing.

Pkt. 10 1 oz. .15 ¼ lb. .25 1 lb. .90 10 lb. \$8.00
100 lb. \$75.00

**Early Scarlet Globe Select**

Scarlet Globe—A good stock of the variety as usually sold though not to be compared with our Scarlet Globe Select for uniformity or quality.

1 oz. .10 ¼ lb. .25 1 lb. .75 10 lb. \$7.00 100 lb. \$60.00

White Tipped Select—Uniform globe shaped root having a bright scarlet top and a pure white bottom. Medium weight top.

Pkt. 10 1 oz. .15 ¼ lb. .25 1 lb. .90 10 lb. \$8.00
100 lb. \$75.00

White Tipped—Similar to White Tipped Select but does not compare in uniformity or quality.

1 oz. .10 ¼ lb. .25 1 lb. .75 10 lb. \$7.00 100 lb. \$60.00

White Strassburg—Popular radish for summer use. Roots about 5 inches long tapering and smooth, skin and flesh white and crisp.

Pkt. .10 1 oz. .15 ¼ lb. .30 1 lb. \$1.00 10 lb. \$9.00

White Icicle—Long white slender smooth root, 5 to 6 inches long and tapering, crisp and tender flesh.

Pkt. .10 1 oz. .15 ¼ lb. .30 1 lb. \$1.00 10 lb. \$9.00

Round White—Medium top, round root with small tap root, clear waxy white color; good for both forcing and outdoor use.

Pkt. .10 1 oz. .15 ¼ lb. .30 1 lb. \$1.00 10 lb. \$9.00

® **Round Black Spanish Home-grown Special Stock**—Produced from the choicest of roots extremely black, flattened round roots. This seed grown under our own careful supervision.

Pkt. .10 1 oz. .20 ¼ lb. .75 1 lb. \$2.25 10 lb. \$20.00

® are Recommended Varieties

All orders and prices subject to confirmation

Sorrel

Fine Leaved—Our stock has long slender attractive bright green leaves. It has long been a favorite with our market garden trade. This seed is of our own selection, grown on Long Island.

Pkt. .10 1 oz. .35 ¼ lb. \$1.00 1 lb. \$3.50

Salsify

Mammoth Sandwich Island—A popular market garden sort producing good sized roots comparatively smooth.

Pkt. .10 1 oz. .20 ¼ lb. .75 1 lb. \$2.50

Spinach

Reselected Savoy—Quick growing variety, adapted for early spring planting. It is upright with thick dark green crumpled leaves.

Pkt. .10 ¼ lb. .20 1 lb. .70 10 lb. \$6.50
25 lb. \$15.00 100 lb. \$55.00

Dark Green Savoy—This variety is similar to Reselected Savoy except that it takes 2 or 3 days longer to mature and has a much darker color.

Pkt. .10 ¼ lb. .20 1 lb. .70 10 lb. \$6.50
25 lb. \$15.00 100 lb. \$55.00

Ⓚ **Longstanding Savoy**—This variety more curled than Reselected Savoy, has darker color but will take about a week longer to mature. It will not bolt to seed very fast. An excellent type for planting late in fall for wintering over.

Pkt. .10 ¼ lb. .20 1 lb. .70 10 lb. \$6.50
25 lb. \$15.00 100 lb. \$55.00

Special Summer Savoy—This new variety has all the features of Longstanding Savoy but it has been bred to withstand the summer heat.

Pkt. .10 ¼ lb. .20 1 lb. .70 10 lb. \$6.50
25 lb. \$15.00 100 lb. \$55.00

Blight Resistant Savoy—This variety to be used only for late summer or fall planting, it is quite savoyed, will grow erect and will withstand blight remarkably well. Exceptionally good type for wintering over.

Pkt. .10 ¼ lb. .20 1 lb. .70 10 lb. \$6.50
25 lb. \$15.00 100 lb. \$55.00

Old Dominion—A new introduction of a Blight Resistant Savoy for late summer and fall planting. This type has a bluish green color with well crumpled leaves. Exceptionally good type for wintering over.

Pkt. .10 ¼ lb. .20 1 lb. .70 10 lb. \$6.50
25 lb. \$15.00 100 lb. \$55.00

Thick Leaved Special—Very large round almost smooth leaves, does not bolt to seed very quickly.

Pkt. .10 ¼ lb. .20 1 lb. .70 10 lb. \$6.50
25 lb. \$15.00 100 lb. \$55.00

Princess Julianna—Good summer variety, grows close to the ground and has very dark green thick, well crumpled leaves. It will stand almost two weeks before bolting to seed.

Pkt. .10 ¼ lb. .20 1 lb. .70 10 lb. \$6.50
25 lb. \$15.00 100 lb. \$55.00

Long Season—Good summer variety, as it stands hot weather remarkably well, plant compact, leaves thick, dark green and heavily crumpled.

Pkt. .10 ¼ lb. .20 1 lb. .70 10 lb. \$6.50
25 lb. \$15.00 100 lb. \$55.00

King of Denmark—Large round dark green leaves which grow very vigorously and extremely flat.

New Zealand—This variety is for summer use. The leaves are comparatively small, broad and pointed, the plant grows low and spreading, shoots may be cut through the summer.

RED COPPER OXIDE—Used in the treatment of spinach seed before planting for the control of damping off. Will increase yields considerably by protecting tender seed sprouts.
1 lb. .90 5 lbs. \$4.00

Squash

Hubbard Dark Green

Hubbard Dark Green—Standard winter sort, for market garden use, fruits slightly warted, very dark green. Flesh thick orange yellow. Excellent keeper.

Pkt. .10 1 oz. .15 ¼ lb. .40 1 lb. \$1.50 10 lb. \$14.00

Early Prolific Straightneck—Smaller and lighter in color than Yellow Straightneck, very prolific. Becoming very popular, replacing the warted Yellow straightneck.

Pkt. .10 1 oz. .15 ¼ lb. .40 1 lb. \$1.50 10 lb. \$14.00

Yellow Crookneck—Makes large deep orange warted fruits. Good Summer variety.

Pkt. .10 1 oz. .15 ¼ lb. .40 1 lb. \$1.50 10 lb. \$14.00

White Bush Scallop—Early variety, plants bush type, fruits flat, white with scalloped edges.

Pkt. .10 1 oz. .15 ¼ lb. .40 1 lb. \$1.50 10 lb. \$14.00

Ⓚ are Recommended Varieties

All orders and prices subject to confirmation

SQUASH (Continued)

Table Queen or Acorn—Fruits about 4 inches in diameter, with smooth dark green skin. Excellent keeper.

Pkt. .10 1 oz. .15 ¼ lb. .40 1 lb. \$1.50 10 lb. \$14.00

Ⓚ **Golden Table Queen**—Fruits smooth, golden skinned about four inches in diameter. Excellent for baking.

Pkt. .10 1 oz. .15 ¼ lb. .40 1 lb. \$1.50 10 lb. \$14.00

Boston Marrow—Very productive late fall variety, resembles Hubbard Dark Green in size and shape but has a rough deep orange skin.

Pkt. .10 1 oz. .15 ¼ lb. .40 1 lb. \$1.50 10 lb. \$14.00

Ⓚ **Cocozelle**—Of real Italian origin. At picking stage the fruits range from 1½ to 2½ inches in diameter and from 7 to 9 inches long. The skin is smooth dark green with a tendency toward a lighter green stripe. This is the variety used by many Italian farmers.

Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.00 10 lb. \$19.00

Tomato

Ⓚ **Improved Kroemer's Early**—Extra early prolific bearer with medium sized bright scarlet globular shaped fruit.

Pkt. .10 1 oz. .75 ¼ lb. \$2.25 1 lb. \$8.00

Certified Pritchard—Very early and prolific, bearing deep globe shaped fruit of a rich scarlet color.

Pkt. .10 1 oz. .75 ¼ lb. \$2.25 1 lb. \$8.00

Earliana—A first early bright red tomato of medium sized flattened fruits.

Pkt. .10 1 oz. .40 ¼ lb. \$1.50 1 lb. \$5.00

Break O'Day—A first early variety, forming medium large globe shaped fruits with a bright red color.

Pkt. .10 1 oz. .40 ¼ lb. \$1.50 1 lb. \$5.00

John Baer—A scarlet red semi-globular firm fruit that matures quite early.

Pkt. .10 1 oz. .40 ¼ lb. \$1.50 1 lb. \$5.00

Certified Marglobe

Ⓚ are Recommended Varieties

All orders and prices subject to confirmation

Certified Bonny Best—Standard second early variety, bright scarlet color, round smooth fruit.

Pkt. .10 1 oz. .40 ¼ lb. \$1.50 1 lb. \$5.00

Chalk's Early Jewel—Second early sort for market gardeners, making a large flattened globe shaped fruit.

Pkt. .10 1 oz. .40 ¼ lb. \$1.50 1 lb. \$5.00

Certified Marglobe—Late variety producing vigorous plants with heavy foliage, making medium large fruit globular in shape being very solid and having thick walls.

Pkt. .10 1 oz. .50 ¼ lb. \$1.75 1 lb. \$6.00

Rutgers, Late Variety. Vines are quite heavy and erect. Fruits are scarlet in color and medium to large in size. Especially desirable because of high color, ripening from inside out.

Pkt. .10 1 oz. .75 ¼ lb. \$2.25 1 lb. \$8.00

Certified Stone—A medium late variety, making large attractive fruits of a bright scarlet red.

Pkt. .10 1 oz. .40 ¼ lb. \$1.50 1 lb. \$5.00

Turnip

Extra Early White Milan—Extremely early, can either be used for forcing or outdoor use, makes small top with pure white bulb.

Pkt. .10 1 oz. .20 ¼ lb. .50 1 lb. \$1.75

Extra Early White Milan Purple Top—An extra early turnip for market garden use, making a small top with very flat white roots having a purple top.

Pkt. .10 1 oz. .20 ¼ lb. .50 1 lb. \$1.75

White Globe Purple Top—Used extensively by market gardeners, has large dark green top; makes globe shaped very smooth white root upper part of which has a purple top.

1 oz. .10 ¼ lb. .20 1 lb. .75 10 lb. \$7.00

White Globe Purple Top Special—This variety very similar to White Globe Purple Top except that it is more highly bred for uniformity and the shape of the bulb.

Pkt. .10 1 oz. .15 ¼ lb. .35 1 lb. \$1.00 10 lb. \$9.00

Turnip Long Island Rutabaga

Ⓚ **Long Island Rutabaga, Home Grown Stock**—This stock grown from our selected choice roots and seed grown under our direct supervision. Roots are large globular inclined toward top shape with small neck and slight tap root. Flesh light yellow, firm and sweet.

Pkt. .10 1 oz. .20 ¼ lb. .60 1 lb. \$2.00

Herbs

Borage—This is an annual, coarse upright growing plant being attractive blue. Used for seasoning.

Pkt. .15 1 oz. .50 $\frac{1}{4}$ lb. \$1.75
1 lb. \$6.00

Fennel, Florence—A tall erect plant with finely cut foliage, having at its base a round compact bulb.

Pkt. .10 1 oz. .30 $\frac{1}{4}$ lb. \$1.00
1 lb. \$3.00 10 lb. \$27.50

Dill, Common—Short variety grows about two feet high. Used for flavoring.

Pkt. .10 $\frac{1}{4}$ lb. .35 1 lb. \$1.25
10 lb. \$11.50 100 lb. \$110.00

Ⓚ **Dill, Long Island Mammoth**—Large erect plant growing from 3 to 3½ feet tall. Used for flavoring.

Pkt. .10 1 oz. .20 $\frac{1}{4}$ lb. .50
1 lb. \$1.50 10 lb. \$14.00
100 lb. \$125.00

Twine

2 PLY SPECIAL

Exceptionally fine all jute twine, lighter weight than the regular, therefore greatly increasing the yardage per pound. Packed in reels of approximately 50 and 100 pounds. The greater yardage per pound on this twine makes the final cost of twine very low in comparison to other heavier twines. Per pound 32c.

2 PLY REGULAR

Same as 2 ply Special except somewhat heavier. Also carry stock of 1—3 and 4 ply. Price per pound 28c.

Kroemer's Seed Potato Testing

Interior View

Kroemer's Seed Potato Testing

Undoubtedly many of you are familiar with our method of seed potato testing. For those who are not, we will in this limited space try to give you some conception of our endeavors in this field.

In the fall of the year, as the seed crop is harvested and placed in storage, duplicate samples of all varieties and fields are taken for testing purposes. One of each is forwarded to the Florida trials which are run under the supervision of the Maine Department of Agriculture Certification Bureau. These Florida trials usually mature about the 15th of January at which time, we personally inspect these trials and obtain the official readings from the Maine Department. This information is then brought back to the office here at Hicksville for further study and comparison.

The duplicates of the Florida samples are planted in our greenhouses here at Hicksville about the 20th to the 25th of December and usually mature the end of January. Daily recordings are kept of these trials. As these greenhouse trials mature invitations are forwarded to the farmer and others interested therein to inspect these plantings.

Due to the unusual interest shown by the trade in this greenhouse testing of seed potatoes, we have this fall built another greenhouse 50 feet wide and 150 feet long especially for this testing of seed potatoes. This added space will enable us to go into more detail on this testing. On the following page you will see the interior and exterior of this new house.

New Greenhouse principally for Seed Potato Testing

Rear View

Vegetable Plants

All plants listed herein have been started in our greenhouses and have been set out in cold frames. Plants, therefore, are hardened to weather conditions, which assures perfect stands and better crops.

Lawn Grass Mixtures

CHOICE OF SEED

Avoid cheap lawn mixtures whenever possible as they are apt to contain light unproductive seed. The labor in preparing the ground along with the fertilization remains the same. The slight cost of a good mixture over a cheaper mixture is well repaid in beauty and lasting qualities of a lawn.

A lawn is built up to serve the "home beautiful" with pleasant surroundings and it will in every case show true economy to build it of the choicest mixtures.

Honor Bent Mixture—This is the best mixture obtainable at its price. The mixture consists of Kentucky Bluegrass, Fancy Redtop, Chewings Fescue, Pacey's Ryegrass and South German Bentgrass. These ingredients are mixed in the proper proportions to give the lawn the fineness and toughness that is needed in every condition. The mixture is built up especially for us by one of the oldest houses in the grass seed business.

1 lb. .50 10 lb. bag \$4.50 100 lb. bag \$40.00

Extra Choice Central Park Mixture—Our grass seed business has been built up on our reputation of this mixture. It is a mixture

that contains the better grasses. The varieties are all adapted to our climate and produce a lawn that is adapted to general lawn conditions.

1 lb. .40 10 lb. bag \$3.50 100 lb. bag \$33.00

Gramercy Park Mixture—Contains grasses that grow very quickly. It is a very fine mixture except that it does not have the finer grasses that are contained in the Extra Choice and Honor Bent Mixtures.

1 lb. .25 10 lb. bag \$2.25 100 lb. bag \$20.00

Shady Lawn Mixture—This mixture is blended with the finest grasses that will do very well in shaded areas. It is essential to plant a shady mixture in locations that receive little or no sun, as these locations are usually around trees which absorb most of the moisture. The mixture includes grasses that thrive under these conditions.

1 lb. .55 10 lb. bag \$5.00 100 lb. bag \$45.00

Note—We can supply the above mixtures with or without White Clover.

Quotations on request on all field seeds such as: Timothy, Red Clover, White Clover, Redtop, Fescue, Millet, Ryegrass, Bluegrass, Canada Field Peas, Soy Beans, Orchard Grass, Sudan Grass, Bentgrass, Rye, etc.

All orders and prices subject to confirmation

Fertilizer and Fertilizing Materials

Grow lovelier flowers and a more beautiful lawn! Science has discovered that all growing things require 11 elements from soil to attain finest growth and beauty. Vigoro, the complete plant food, supplies all 11 needed elements in balanced proportions. Clean, odorless, sanitary, and easy to use, Vigoro will bring you gardening success.

VIGORO

Complete plant food

A Product of Swift & Company

Berkshire Fertilizers—A complete line of ready mixed fertilizers in all of the popular analysis. The following analysis are those ordered manufactured for New York State for the 1943 season by the Governmental Department.

0-20-20	4-10-10
0-24-12	4-12-4
0-14-14	4-16-4

2-8-10

Let us quote on your complete fertilizer requirements.

Corson's Lime—A high magnesium lime used to sweeten sour soils.

50 lb. bag .50
Ton prices on request.

Challenge Brand Limestone Flour—Is especially valuable in lawn work as the entire action does not take place until the second season.

80 lb. bag .50

Prices on larger quantities on request.

Peat Moss—Used mostly to retain moisture in soils. It is not necessary to water a lawn or garden as often when the soil contains the right amount of Peat Moss. It acts as a breathing space for the roots or plants and will aid in giving the roots a firm footing.

Large burlap bale (about 20 bushels) \$4.00

Special price for larger quantities

Most Widely Used Brand of Sheep Manure—Very finely pulverized and free from all weeds. May be used as an all around feeding medium. Besides feeding your plants, etc., this pulverized manure will also act as a mulch, keeping your soil in much better condition by preventing it to pack. An exceptionally fine dressing for lawns, both vegetable and flower gardens, shrubs and evergreens and potted plants.

50 lb. bag \$1.75 100 lb. bag \$3.25

Prices on larger quantities on request.

“AGRICO PAYS BEST!”

Again in 1942, more Long Island farmers used Agrico than in any previous year. The reason is as sound as it is simple — season after season more farmers are finding out for themselves that Agrico pays best. On potatoes, for example, crop records clearly prove that Agrico produces the **extra bushels** of Number Ones that mean **extra profit** on the season's investment. And the same goes for the truck crops, too. Agrico's extra plant-feeding efficiency gives you the earlier maturity and the added margin of quality that means so much to every man who grows truck for the quality-wise city markets.

In these days of war uncertainty you can count on Agrico always to give you the best in plant-food value. Because Agrico is backed by the more than 80 years' experience of The American Agricultural Chemical Company, and it is made by people whose watchword is and always has been — **QUALITY**. War or peace, the best is invariably the cheapest in the end. So use Agrico next season and be money ahead this time next year.

INSECTICIDES AND FUNGICIDES

Semesan—For vegetable and flower seeds and bulbs and certain plant diseases.

2 oz. can .40 1 lb. can \$2.50 5 lb. can \$11.40

Semesan, Jr.—Dust disinfectant for seed corn. Prevents rot and checks seedling blight.

4 oz. can .35 1 lb. .75 5 lb. \$3.00

Semesan Bel.—A dip disinfectant for seed potatoes. Valuable for controlling surface borne disease such as Rhizoctonia and Scab.

1 lb. can \$1.65 5 lb. can \$7.15

CUPROCIDE (Red Copper Oxide) Stabilized Red Copper used especially in the treatment of beet, spinach and other seeds. Copper product used primarily for the control of damping off. Low cost makes use very practical.

1 lb. 90c 5 lbs. \$4.00

Standard Red Copper Oxide

CUPROCIDE

Yellow Cuprocide

Cuprocide Yellow, formerly called Cuprocide 54, specially prepared form of Cuprocide for spraying purposes. Wonderful results in the spraying of plants, such as tomatoes, peppers, eggplants, etc.

CALOMEL USP

Has been extensively used during the past eight years to control maggots on cabbage, cauliflower, etc. It has also been used to mix with Onion and Leek and Cabbage Seed.

1 lb. bottle \$4.00 5 lb. bottle \$20.00

ROOTONE

Reg. U. S. Pat. Off.

Rootone—The plant hormone powder for cuttings, seeds and bulbs. Most cuttings not only root faster when treated with Rootone but develop larger root systems that enable them to mature to greater perfection.

Rootone treated lawn grasses have proven to make more permanent luxurious lawns. Authentic tests in past year show that Rootone treated seed produces 2 to 3 times heavier turf than untreated seed. The resulting grass is deep-rooted and more drought resistant.

Trial pkg. .25 2 oz. jar \$1.00 1 lb. can \$5.00

Corntrol—For the control of Corn Earworms in sweet corn. Prepared in accordance with the formula recommended by U. S. Dept. of Agric. Bulletin No. E-497 February 1940. A pyrethrum and mineral oil spray. Application should not be made until the ears have been fertilized, that is, as soon as the silks have become wilted but not before the third day after silk exposure. Applications are usually most successful when made during the period between the time when the silks have wilted and the time when their tips have turned brown. Use one quarter of one teaspoon per ear. Two gallons of this spray necessary to treat one acre.

1 gal. \$2.00

5 gal. pail \$8.75

Cornoil Spray Gun to be used for Corntrol spray. \$6.00

"NITRAGIN"

The simplest, safest and surest system of soil inoculation for all legumes.

Garden size can for Peas, Sweet Peas and Beans 25c
Half bushel size can for Alfalfa, All Clovers and Lespedeza 35c
One bushel size can 60c
Two and one-half bushel can \$1.25
Soy Beans and Cow Peas,

Peas, Vetch, Austrian Winter Peas and Beans

CABBAGE MAGGOT DUST 4-40

This is a dust that we make up especially for the control of maggots on plants after they have been set in the field. Packed only in 44-lb. bags.

Per 44-lb. bag \$16.50

Corrosive Sublimate—Can be used to control maggots in untreated fields. It is now used on cabbage, cauliflower, brussels sprouts and even on radish beds to control damping-off, wire stem, club root and maggots.

1 lb. bottle \$3.50

Slug Shot (Powder)—For controlling most garden and plant insects.

1 lb. .25 5 lb. \$1.00

Slug Shot (Liquid)—An effective plant spray, for controlling most all garden and plant insects.

6 oz. bottle \$1.00 16 oz. can \$2.00

Zinc Oxide—Used chiefly for dusting over frames where plants are dropping off. Just sprinkle the material over the entire frame and do not disturb for at least two weeks.

1 lb. package .50

Yellow Oxide of Mercury—Has been used quite extensively in treating Seed Potatoes. It is, however, much more laborious to use than Semesan Bel. Price on request.

Rotenone Dusts—We are manufacturing our own Rotenone Dusts. This fresh mixing assures you of getting fresh materials at all times. The killing qualities of this new non-poisonous dust deteriorate very rapidly and it is therefore very essential to get fresh mixed dusts. We are mixing these rotenone dusts in every desirable strength and are also making the dusts with the correct proportion of sulphur for certain uses. Due to the fluctuations in prices of raw materials we cannot publish prices. Prices on request.

3 Way Dust—Combination of Derris, Pyrethrum and sulphur for general dusting purposes. Very efficient for control of cabbage worm, bean beetles, flea beetle, leaf hoppers, etc.

Special Aphid Dust—Combination of Derris, Pyrethrum and Sulphur in stronger proportions than in three way dust. Will give better control in severe cases of insect infestations.

Copper Sulphate—In crystal form, used primarily in the control of blights on vegetables, etc. Poison, therefore, requires great care when using.

1 lb. .15 5 lb. .65

Dri-Copper—Powder form of copper, used in copper lime dusts. Prices on request.

Bordeaux Mixture—A copper lime mixture.

10 lb. \$1.25

Calcium Lime—30-70 dust, 30% Calcium and 70% lime with the necessary sticking elements.

1 lb. .15 5 lb. .65

Calcium Lime—40-60 dust, 40% Calcium and 60% lime. Other elements identical to the 30-70 dust.

1 lb. .20 5 lb. .85

Sulphur—Used for scab control. Prices on request.

Note—Quantity prices on all insecticides on request.

"BLACK LEAF 40"

A 40% nicotine sulphate used in nicotine dust and spray mixtures. Very effective for controlling aphids. Numerous other uses such as spraying chicken roosts, spraying shrubs and evergreens, for protection against dogs, etc. Packed in 1 oz., 5 oz. bottles; 5 and 10 pound cans.

1 oz. .35 5 oz. \$1.25 2 lbs. \$3.60

5 lbs. \$6.45 10 lbs. \$11.75

**CUPROCID DUSTS**

6-94 Cuprocid dust for blight control.

Cuprocid-Calcium dusts for blight and insects.

Cuprocid-Rotenone-Sulphur for blight and insect control. Very successful on potatoes.

Prices on request.

May we have the opportunity of quoting on your insecticide requirements.

Use Kroemer's Fresh Mixed dusts for best results.

Niagara Products Are Products of Quality

SPRAY AND DUST MATERIALS— DUSTING MACHINES

**Niagara
Copotex**

Niagara Copotex and Copodust are activated dusts. When applied in the presence of moisture form strong, continuous Bordeaux membranes.

**Niagara
KOLODUST**

Better results are obtained with Copodust and Copotex.

Copodust is an especially processed Copper Lime dust without poison.

Copotex is Copodust but contains poison for chewing insects.

Niagara Calcium Arsenate is manufactured by strict chemical standards and contains the highest possible killing power—uniform density—may be used either as a spray or dust.

Niagara Suspensio Lead Arsenate possesses five features of superiority. 1. Even coverage. 2. Uniform concentration. 3. Full killing power. 4. Safety to foliage. 5. Compatibility. Use as a spray or as a dust.

Niagara Kolodust is manufactured by an exclusive method and contains Bentonite Sulphur. Bentonite Sulphur is made by absorbing Fused Sulphur into Bentonite. Kolodust is a specially prepared Sulphur for dusting purposes.

KOLOFOG

Niagara Kolofog is an exclusive product for use as a spray. Kolofog is made by absorbing Sulphur into Bentonite. A portion of the Sulphur particles are very minute, some in Colloidal Form.

Kolofog is effective, safe, persistent, compatible, dispersible and convenient. It is an excellent carrier for arsenicals.

Niagara A-1 Nicotine Dust. For the control of Aphis and other similar insects.

Niagara Code M-251 and M-289 are recommended where chewing insects are to be controlled. These dust mixtures have given excellent results.

Other Niagara Products

Duo Bordo. The scientifically balanced Bordeaux spray.

Dry Bordo. A dry material conveniently packed for spraying purposes.

Monohydrated Copper Sulphate—Paris Green.

FOR FLOWER GARDEN DUST OR SPRAY

Niagara Pomo-Green With Nicotine. The tri-purpose dust or spray, especially recommended for use on roses. Leaf green in color and conveniently packed.

Niagara Dusters and Insecticides

NIAGARA DRI-FOG DUSTER

The Niagara Dri-Fog duster has proven itself to be one of the most practical and efficient dusters on the market. This duster may be had in either the four or six-row models. Duster is traction driven creating a powerful blast which will distribute evenly any insecticide. The nozzles and tubes are suspended

from shafts at the rear of the platform. Each nozzle being adjustable to any position desired. Shafts extending outward from the duster are easily raised and lowered by lever behind the operator's seat. This duster with a little care will give years and years of efficient service. Prices on request.

CHALLENGE TRACTION

Latest introduction in the wheelbarrow type. Specially built duster mounted between a pair of handles. Drive wheel 23 inches in height. Equipped with two nozzles for either one or two-row work. Ideal machine for market gardener or farmer of small acreage.

\$37.50

Prices on request.

NIAGARA DUSTERS

NIAGARA HAND CRANK DUSTER

The Niagara Hand Crank duster was built for the Market Gardener and farmer whose requirements do not necessitate a larger duster. As all the Niagara dusters, this

duster is strongly built for years of service. Duster is very simple therefore eliminating wearing factors.

Price as shown \$18.00

With "Y" Attachment \$20.00

"NIAGARA TWO-QUART DUSTER"

Great favorite with home gardeners. Well built duster of the plunger type. Hopper holds approximately two quarts, equipped

with two sections of tubing and nozzle. Most efficient and practical duster for home-garden use.

\$3.00

HUDSON TWO ROW DUSTER

A light weight efficient hand duster. Used by market gardeners. Can be used as one or two row dusters. Does excellent work on small crops such as celery, carrots, cabbage, etc.

Price \$14.00

SMITH HAND DUSTERS

Plunger type hand duster, for home and garden use. Available in different sizes to suit your needs.

Prices 50c and \$1.00

Protect Your Seed Corn

During the period when it is most easily damaged, by ridding your crop of crows and other corn-pulling birds and animals. It saves

loss of seed and labor of replanting. It positively will not clog any planter. It is non-poisonous and will not injure the seed or any kind of corn. It is more effective, more convenient to use, and more economical than any other material.

(1 QUART) Enough for 4 bushels seed.	\$1.75
(1 PINT) Enough for 2 bushels seed.	1.00
($\frac{1}{2}$ PINT) Enough for 1 bushel seed.	.60

MASKS AND GOGGLES

Pulmosan Goggles

Glass lenses set in rubber, snug fitting, giving complete protection. Can be used with the Respirator. Water retainers around the lense will hold sufficient water for clearing the lense while being in use. Price \$2.25

SM-3 Respirator with Shield—Latest model respirator, respirator covers mouth and nose, shield protects eyes and upper portion of face. **\$4.00**

PLATZ SPRAYER

Used extensively for greenhouse and outdoor use. Tank of heavy brass material and is carried on the back by shoulder straps. Pump type sprayer with compression chamber. With least care will last a lifetime.

\$22.00

Smith Blizzard Sprayer—New streamlined continuous hand sprayer. Latest development for garden use. **\$2.25**

SMITH SPRAYERS

Built with either brass or galvanized tanks. Tanks cylindrical in shape with pump handle on top for building up pressure. Equipped with hose and heavy brass extension pipe. Nozzle flexible type with shut off control between hose and pipe. Prices on request.

PLATZ SINGLE ACTION DUSTER

Ideal for dusting cabbage, cauliflower, etc. Knapsack type, hold nozzle with left hand and pump with right.

Specifications

MODEL D

MOTOR: Own make; 4-cycle; air-cooled; removable aluminum head; L TYPE; mechanical valves.

BORE: 2½". **STROKE:** 3". 2 H. P., S. A. E. rating.

CARBURETOR: GRAVELY Special. **AIR CLEANER:** Donaldson. **Magneto:** Edison-Splittorf.

BEARINGS: Timken, Norma-Hoffman, New Departure and Phospho-Bronze.

GEARS: Timing and Pinion, Nickel-Iron with hardened Alloy Steel Pinion.

CASTINGS: Aluminum, Malleable and Gray Iron.

HEIGHT: Not including handles 35". **WIDTH:** 13¼".

LENGTH: Tractor and handles, 62". **WEIGHT:** 200 lbs. For shipping 280.

LUBRICATION: Splash with plunger pump circulation.

SPEED: 1 to 3 miles per hour; throttle-controlled.

CLUTCH: Easy release; cone type.

OIL: Tank Capacity, ¾ gallon.

GAS: 1 gallon.

GAS CONSUMPTION: 4 to 6 hours per gallon.

Model D with sickle bar mower

Specifications

MODEL L

MOTOR: Own Make; 4-cycle, T-Head Type; Air Cooled; with Removable Aluminum Head.

BORE: 3¼". **STROKE:** 3½". **MAGNETO:** Edison-Splittorf. **AIR CLEANER:** Donaldson.

CARBURETOR: Schebler - Stromberg or Zenith.

HORSEPOWER: 5 H. P. at 1600 R. P. M.

BEARINGS: Timken, Norma-Hoffman New Departure and Phospho-Bronze.

TRANSMISSION GEARS AND TIMING GEAR: Alloy Iron and Hardened Steel.

DIFFERENTIAL: Automotive Gear Type. Hardened Steel Cut Pinions.

OILING: Dry Sump Gear Pump and Splash System.

CLUTCH: Two Double-Acting Cone Type Clutches. One as Speed Selector, other giving forward and reverse motion.

Each Power Attachment has individual Safety Slip Clutch.

HEIGHT: Not including handles, 28 inches.

LENGTH: Tractor and handles, 55".

WEIGHT: Tractor 275 pounds. When packed 350 pounds.

SPEEDS: Two forward and REVERSE. Low Speed ¼ to 3 miles per hour. High Speed 1 to 6 miles per hour. Throttle controlled.

GAS: Capacity 2 gallons. Enough for 8 hours operation.

OIL: Capacity 5 pints.

SINCE 1922

The GRAVELY

POWER-DRIVEN TRACTOR-MOWER

ALONE

- 1-Mows Your Lawn
- 2-Cuts Tall Weeds & Grass
- 3-Tends Your Garden

The Model L GRAVELY has a 5 H.P. Motor, 2 forward and reverse speeds. Can be used as a power-driven plow that makes a seed bed at one operation; as a furrower and cultivator. It also operates a SICKLE MOWER that cuts grass to within half an inch of the ground. . . . and also the highest weeds or even brush an inch in diameter. For fine lawns it operates a 30" power-driven Reel Type Mower. There are also such attachments as: Water Ballast Roller, Riding Sulky, Cart for hauling, Power Sprayer, Snow Plow, etc.

Booklets Forwarded On Request

All orders and prices subject to confirmation

Planet Jr. Tractor

HT Tractor and Gang with GT-2 Cultivator

The "Planet Jr." tractor is equipped with a sturdy and dependable motor and with reasonable care will give trouble free service season after season. It is a single cylinder, four-cycle, air-cooled motor. It has an SAE rating of 3 horse power. Tractor with pneumatics and HT gang and GT-2 cultivator equipment as illustrated.

HT Tractor with Steel Wheels

(Not illustrated)

GT-2 Seven Tooth Equipment—Consists of seven 8-inch cultivator steels, standards for same with additional bar and two clamps for 7th tooth.

GT-3 Three Row Equipment—Must be used in conjunction with the GT-1 equipment. Consists of 2 pair 6-inch hoes, 4 cultivator teeth, 2 extension tool bars, 4 standards, 4 clamps.

GT-1 Single Row Equipment—Primarily for narrow row cultivation. Used on GT or FT gangs. Consists of 1 pr. push hoe knives and 6 narrow cultivator teeth with standards.

HT-4 Four Row Cultivators for HT Tractor with Rubber Tires—Conditions under which this attachment is used are so varied that the FT-4 includes no tool equipment. You can then purchase tools to meet your requirements. The FT-4 includes the gang itself, five of the combination standards with clamps, six 6-inch and seven 3-inch tool holders with clamps and two 3 1/4 x 8 1/2-inch gauge wheels.

FT-24 Disc Coulter—Furnished as extra equipment is an improved swivel type. It is always useful as it leaves a neater and straighter landside and greatly improves the quality of the plowing.

When plowing with the tractor equipped with steel wheels, it is essential that an extra drive wheel be used on the right side. This additional wheel gives added traction and improves the handling of the tractor.

Additional wheel

HT-85 Three Row Seeder—Used only on tractor equipped with steel wheels. Plants rows from 9 to 20 inches apart.

HT-60 Disc Harrow—A Disc Harrow is unquestionably the best all around tool to follow up the plow to cut up the soil and clods and pack and level the seed bed. Equipment consists of hitch and two sets of discs.

FT-57 Field Mower—For the farmer who have given up his horse and who has a moderate acreage of hay or alfalfa, the "Planet Jr." Field Mower Attachment is a mighty useful accessory. Having a 46-inch cutter bar, this machine will cut from four to five acres a day, at a cost of from 50 to 60 cents for fuel. Height of cut is adjustable from 1 inch to 5 1/2 inches. Side draft is eliminated by using two drive wheels on the right side of the tractor and when using rubber tires by deflating the left. The mower is belt driven and therefore acts as a clutch and prevents breakage when cutter bar encounters sticks or stones. Cutter bar can be held in a vertical position when transporting.

PLOW ATTACHMENTS

Plow available in three sizes: 8, 9 and 10 inches on an adjustable hitch.

8-inch plow with hitch	
9-inch plow with hitch	
10-inch plow with hitch	

IMPLEMENTS AND EQUIPMENT

“Planet Jr.” Seed Drills and Cultivators

No. 300-A DRILL SEEDER

A very efficient, easy running, accurate plate seeder for the market gardener and large vegetable grower. Will work in any soil—heavy, sandy or muck. There are 39 holes in the plate, varying from one-tenth to three-quarters of an inch. The plate is easily shifted from one hole to another by lifting a spring lever and turning the plate. Hopper has a capacity of four quarts and is detachable.

NO. 5 HILL AND DRILL SEEDER

Constructed similar to No. 3 only larger. Capacity 5 quarts.

NO. 18 SINGLE WHEEL HOE

Equipment consists of one pair 6-in. hoes only.

NO. 13 DOUBLE WHEEL HOE

The equipment consists of one pair 6-in hoes.

NO. 119-W GARDEN PLOW AND CULTIVATOR

Equipment consists of one 5-prong forged spring steel cultivator attachment, one 4-inch cultivator tooth, and one plow.

NO. 220 FERTILIZER DRILL

Drill, fertilizer, Nitrate, etc. Tubes adjustable for width. Will distribute upwards of 100 pounds of material per acre.

Place your orders for Planet Jr. tools immediately. Defense program delaying manufacturing and delivery. Limited stocks available at the present time.

NO. 82 COMBINED HORSE HOE AND CULTIVATOR

A popular machine because of the large amount and great variety of work that can be done with it. Finishes rows up to 42 inches apart and works the middle complete at one passage. Its reversible side standards can be changed to any angle desired. Equipment: Seven 2¼x8 in. cult. steels, one pair 6-in. hillers, one 7-in. shovel steel and lever expander.

"Planet Jr." Horse Hoes and Cultivator

NO. 82-E HORSE HOE AND CULTIVATOR (Not Illustrated)

Same equipment as furnished with No. 82 but WITHOUT the hilling steels and shovel steel.

NO. 7 HORSE HOE AND CULTIVATOR (Not Illustrated)

The frame and cultivating equipment of this tool are same as the No. 8 only that it does not have a depth regulator, which is not necessary under some conditions.

NO. 8 HORSE HOE AND CULTIVATOR (Not Illustrated)

Designed and built to give long service, yet it is not clumsy but is easily guided and easily handled Horse Hoe. Frame is extra long and two inches higher than usual; closes to 10 inches and opens to 25 inches. Equipment: four 3 x 8-in. cult. steels, one 4 x 8-in. cult. steel, two 6-in. hillers, one 7-in. shovel, lever wheel, lever, expander and depth regulator.

NO. 9 HORSE HOE

A favorite tool because of its strength, lightness and perfection of work. It is strongly built to withstand incredible strain, yet it is easy to handle. Equipment: Four 3 x 8-in. cult. steels, one 4 x 8-in. cult. steel, one pair of 6-in. hillers, one 7 in. shovel and lever expander.

SCREW EXPANDER FOR NOS. 8, 9, AND 82 HORSE HOES

The Screw Expander can be furnished in place of the lever expander on the Nos. 8, 9, and 82 Horse Hoes at an additional cost of \$1.75. It is more positive than the lever, less likely to get out of order, and adjusts to a fraction of an inch. Contracts to 9½ inches and expands to 26 inches.

NO. 91 TWELVE-TOOTH HARROW

If you are a market-gardener, trucker or nurseryman, you need one of these valuable tools in addition to your other cultivators. This cultivator does not throw dirt over small plants.

NO. 2-F SOUTH BEND STEEL BEAM PLOW

This light one or two-horse plow is generally used by the Long Island and New Jersey Truck Farmers.

Plow \$17.75

Add for wheel \$3.00 Add for jointer \$6.25

NO. 2-F SOUTH BEND WOOD BEAM PLOW

Similar to the 2-F plow but having a wooden beam.

Plow \$17.75

Add for wheel \$3.00 Add for jointer \$6.25

NO. 2-X SOUTH BEND PLOW

Similar to 2-F but for the share. The 2-X has the shin piece attached to the plow share. This plow may be had in either steel or wood beam.

Plow \$17.75

Add for wheel \$3.00 Add for jointer \$6.25

NO. 3-X SOUTH BEND WOOD BEAM PLOW

This plow developed for use where a general purpose plow must plow sod, raw land, clay, sandy land, loam and gravelly soils.

Plow \$20.50

Add for wheel \$3.00 Add for jointer \$6.25

NO. 3-F SOUTH BEND WOOD BEAM PLOW

Similar to 3-X but having plain share and shin piece extra.

Plow \$20.50

Add for wheel \$3.00 Add for jointer \$6.25

No. 3-F and 3-X may be had in steel beams at no change in price.

"WOODHOUSE" SHOVEL PLOW

This plow is used for furrowing, covering, hilling and cultivating corn, carrots, cabbages, potatoes, etc. The point and wings are made of steel.

Plow \$12.75

Potato Digging Attachment \$6.25

"BOSS" COMBINATION PLOW

Handy one-horse turning plow for use by Market Gardeners and Farmers. Actually four plows in one. Can be used as a medium and heavy one-horse plow and as a plow for working among cabbages, strawberries, etc.

With double mould and share \$17.75

Handy light weight plow for harvesting root crops \$14.50

COLLINS T109 WOOD BEAM PLOW

One-horse plow with wood beam and wood handles. Works exceptionally well in heavy soils where ordinary plows fails to turn a neat furrow. Plow built for long service and durability.

Plow \$16.75

Wheels and Jointers extra

COLLINS AA-53 WOOD BEAM PLOW

Favorite two-horse plow. Beam and handles of wood. Does excellent work under any conditions, especially in real heavy soils.

Plow \$21.50 Wheels and Jointers extra

OLIVER STEEL BEAM PLOW

These plows built for use as a general purpose plow and will do equally well in all types of soil. Mouldboards turn a deep furrow slice completely over thoroughly pulverizing the soil. The furrows are clean cut, even in width and depth. Bottoms are substantially braced to form a rigid construction and reduces possibility of breakage.

Prices as follows:

Oliver 10, One Horse	\$18.75
Oliver 20, Two Horse	23.00
Oliver 82, Two Horse	23.00
Oliver 83, Two Horse	24.50
Oliver 84, Two Horse	26.50

Models 10 and 20 may be had in either wood or steel beam with no change in price.

For the following attachments add:

For 1-horse wood beam plow	
\$2.25 for wheels	\$5.00 for jointer
For 1-horse steel beam plow	
\$2.60 for wheels	\$5.10 for jointer
For 2-horse wood beam plow	
\$3.20 for wheels	\$6.00 for jointer
For 2-horse steel beam plow	
\$3.00 for wheels	\$6.60 for jointer

**"WOODHOUSE" SMOOTHING HARROW**

Discs grind all clods so fine that seed must come up. Levels the land and leaves it fine and smooth. Mortised frame equipped with heavy cast bearings. Frame measures 6 ft. 8 in. by 6 ft. and has four sets of rollers. There are 58 steel discs 8 inches in diameter.

This is a two-horse harrow.

\$44.00

WOODHOUSE ONE-HORSE SMOOTHING HARROW

Measures 6 ft. 10 in. by 5 ft. 4 in. 46 discs. Otherwise similar to 2-horse harrow.

\$43.00

SPIKE TOOTH HARROWS

They are of the closed end type for general field use.

One horse, 1 section, 25 teeth	\$12.50
One horse, 1 section, 30 teeth	14.00
Two horse, 2 section, 50 teeth	26.00
Two horse, 2 section, 60 teeth	29.00

"WOODHOUSE" CORN MARKER

Strongly built, yet light enough to be easily handled. The wooden parts are painted and varnished and well finished throughout. The adjustment of the frame to the pole, whereby the tilt of the runners is fixed, controls the depth of the furrow. The runners are adjustable for rows 28 to 48 inches apart.

Three-Row Marker, as illustrated for horses	\$28.00
Two-Row Marker (not illustrated) for horse	23.50
Five-Row Marker (not illustrated)	40.00
Whiffletree and Neckyoke for two horses add	4.25

GARDEN BARROWS WITH PNEUMATIC TIRE

No. 3-B 4 cu. ft.	\$15.50
No. 2-B 5 cu. ft.	16.00
No. 1-B 7 cu. ft.	18.00

An unusually well-made Barrow of the best material. Supplied in three different sizes with 1 3/4 in. tire wood wheels, also steel wheels.

No. 3-B holds 4 cu. ft.	\$ 9.50
No. 2-B holds 5 cu. ft.	10.00
No. 1-B holds 7 cu. ft.	11.50
For 2 3/4 in. tire wheel in place of 1 3/4 in. tire wheel add75
